

OLIVE OIL PACKAGING SERVICE

is now selling

MULTIPAC BAG in BOX BULK CONTAINERS

250 litre to 1000 litre capacity

Bag in box containers - the ideal, modern solution to handling and storing olive oil.

Strong, lightweight outer shell holds a replaceable inner bag.

Bag expands to fill the outer box as olive oil is added & deflates on discharge - no head space of air.

Ideal for temporary or long term storage.

A cost effective alternative to large, expensive fixed tanks.

Designed especially for storing olive oil.

Cost effective for one way transport & export.

BAG IN BOX CONTAINERS ARE EASY

EASY TO

HANDLE - built in base for forklift access

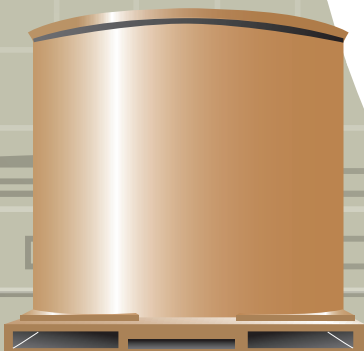

STORE - stack them even when full

MANAGE - safe to store outside, short term.

CLEAN - in fact never clean an IBC again - throw out the old liner and in with the new one

PROTECT YOUR OLIVE OIL - new liner is clean and taint free

SHIP - ready to load straight into export container
